DIVINE INTELLIGENCE

An Integrative Framework of Psychiatry, Primary Care, and Biopsychosocial Healing

Bhupendra Kishore Gupta, MD

ABOUT THE BOOK

Modern medicine excels at diagnosis and treatment, yet too often reduces the patient to a diagnosis rather than a life. *Divine Intelligence* bridges clinical rigor and human meaning, weaving psychiatry, primary care, and the biopsychosocial model into a single framework for compassionate, evidence-based practice.

At its center is "Saint Intelligence": not a religious doctrine, but a higher-order capacity for ethical reasoning, empathic presence, and clinical judgment. It calls on physicians to be reflective moral agents, not only diagnosticians and prescribers.

"Healing is not merely a biological correction, but a relational and moral act."

- **Biopsychosocial Framework:** Unifies biological science with empathic care.
- **Cellular Choice & Wisdom:** Explores spiritual-medical guidelines to biopsychosocial healing.
- **Ethical Clinical Reasoning:** A higher-order model of compassionate healthcare.
- **Digital Health & Informatics:** Links informatics and meaning-centered care in one framework.

Written for clinicians, students, and interdisciplinary thinkers: psychiatrists, primary care providers, digital health professionals, and medical informaticists.

IN THE NEWS: ALUMNI HIGHLIGHT

Featured in **Psychiatry News: Connecting Our Community** (August 2026) in the Alumni Highlight section: "Psychiatry Alumni Discusses Compassionate and Ethically Informed Care in New Publications."

Dr. Gupta (Psychiatry Residency Program, '87) also published an article in *Louisville Medicine* offering a framework for primary care providers who may work with patients at risk for eating disorders.

LOCAL RELEVANCE & STORE FIT

Practicing psychiatry in Louisville for over 30 years, Dr. Gupta has deep ties to local healthcare networks, academic institutions, and patients. Local readers can buy at B&N Hurstbourne Parkway (#2705) or order on Amazon.

ABOUT THE AUTHOR

Bhupendra Kishore Gupta, MD, DPM, is a psychiatrist who has practiced in Louisville, Kentucky, for more than three decades. He trained at the University of Rochester School of Medicine and has held academic appointments at LSU School of Medicine, Sullivan University, and the University of Pikeville College of Osteopathic Medicine. In 2026, the University of Rochester Medical Center's Department of Psychiatry recognized his interdisciplinary work integrating psychiatry, digital health, and Spiritual Informatics.
